

Longest Tenure In History of Local Church--

REV. PLEZ TODD RETURNS AS FIRST METHODIST PASTOR

REV. TODD

Rev. Plez Todd, pastor of the First Methodist Church, Comanche for the past four years, was returned for another year at the end of the Central Texas Methodist Conference held last week in Fort Worth. It was the first time in the history of the church that a pastor had been appointed for his fifth year here. Until a few years ago, a Methodist pastor could not serve more than four years in succession as pastor of the same church. The limit now has been removed, but the old custom usually is followed except in some of the larger churches in the big cities. Rev. Todd was also appointed district director of social concerns.

Rev. Philip Lopes, pastor of the Comanche Methodist Circuit, serving Proctor and Sidney, was transferred to the North-Bethel Church in Runnels County. Rev. Jorden Davis is the new pastor of the circuit. He comes from the Cleburne district. Rev. Davis is a young single man.

Rev. Roy Johnson, who had been pastor of the De Leon First Methodist Church for several years, was transferred to Hubbard City, and Rev. John Basham was appointed to the De Leon First Church.

Rev. Richard L. Keller was appointed as pastor of the De Leon Circuit. Rev. J. B. Cole, once pastor on the Comanche Circuit, was appointed as pastor on the Mount View Circuit. Rev. William R. Nevel was returned as pastor of the Gustine church. Rev. H. H. Barnett, once pastor on the Comanche Circuit, was appointed as pastor on the Novice Circuit.

Rev. Glenn C. Bowman, a Comanche County reared minister, was returned as pastor of the Asbury Methodist Church, Fort Worth.

Rev. George M. Greebon, once pastor of the Gustine Methodist Church, was returned as pastor of the First Church, Azle.

Rev. E. R. Gordon, who once served three years as pastor of the Church First Church, retired. He had been serving a Fort Worth church.

Rev. Gaston Foote, native of the Duster section, was returned for his 11th year as pastor of the First Church, Fort Worth.

Rev. Frank L. Turner Jr., graduate of Comanche High School, was appointed pastor of the First Church, Gatesville.

Rev. A. S. Gafford, another native of Comanche County, was reappointed as pastor of the First Methodist Church, Temple.

Rev. Urban A. Shultz, for two years once pastor of the First Church, Comanche, was reappointed pastor of the Herring Avenue Church, Waco, the church that serves the Methodist Home.

Rev. Lloyd Coker, Comanche County native, was appointed pastor of St. Paul's Methodist Church of Cleburne. This is the largest church that he has ever served.

RECEIVES 4-H HONORS—W. J. Parks (center), Manager, Comanche County Electric Cooperative Association, was one of eight individuals honored for outstanding service to 4-H June 6 at the State 4-H Club Round-up at Texas A. and M. College. John E. Hutchison Service, made the presentation. Looking on is a representative of the donor, Cal T. Johnson (right), Chairman of the Texas 4-H Recognition Committee, a group of businessmen and civic leaders dedicated to expanding 4-H Club work in Texas.

Jaycees To Sponsor Free Safety Driving Clinic Here

Comanche Jaycees will sponsor a Safe Driving Clinic for two nights for two weeks.

The clinic will be held at the Jaycee Building (former Veterans Building) on the nights of June 18 and 19, and the following week on the nights of June 25 and 26. Sessions will be held for three hours each night and will have some very interesting films and outstanding speaker-instructors.

"The clinic is all free and costs you nothing, but at the same time it could save your life," say the Jaycees, who add, "And it is open to anyone who wishes to attend."

CHS Gymnasium To Open Friday Nights

Coach Ray Smith announces that the Comanche High School gymnasium will be open on Friday nights, 7:30 until 9 o'clock.

"We'll be playing volleyball, working with weights, and participating in other activities," said Coach Smith, adding that opening the gymnasium is for Comanche athletes wanting to help the Indians to become a winning aggregation.

Students enrolled include Billy Jack Parker, Sally Huffman, Julie Ebell, Jimmy Rambo, Janda Boyd, Gary Murphy, Ray Holden, Martha Fanning, Janette Prater, Linda Hansberry, Janice Carter, Janie Grayson, Gail Carpenter.

Joe Evans, Billy Mae Loggins, Wayne Hill, Roy Hitt, Hodger Hitt, Sarah Fletcher, Sheila Davis, Judy Gleason, Debra Frick, Cyndra Frick, Aaron Thomas, Donna Johnson, Mack Wilhelm, Larry McDougall, Ricky Gumbel, Diana Guthrie, Joyce Wilcox, David Jones, Rodney McDougall, Donna McDougall, Jodie Prater, Kenneth Luker, Ricky Hawkins.

James Laker, Barbara Dudley, Arnold Dudley, Larry Steele, Martha Smart, Willie Smart, Betty Carter, Paul Langley, Stacy Reese, Stanton Reese, Cindy Mazurek, Carol Mazurek, Loretta Smart, Rena Gore, Jim Kennedy, Greg Coulter, Vicki Morris, Karen Denny, Grinda Denny, Merlin Harrington, Deborah Harrington.

Debbie Grimmer, Richard Barret, Betty Barret, Rosalie Gaines, Vicki Livingston, Carol Stewart, Ronnie Robertson, Joe Brannan, Bill Brannan, Cindy Brannan, Gary Brannan, Steve Kerby, Shirley Kerby, Leah Dudley, Ric Dudley, Sharon Beatty, Deanna Montgomery, Cy Baxter, Kenny Beatty, Amy Barret, Tyson Clement, Steve Clement, Jack Luker, Cliff Tucker.

And More Swimmers
Jeanna Tucker, Sherry Lynn Bevens, Douglas Walter, Kaye Carpenter, David Carpenter, Mollie Robertson, Nig Robertson, Tommy Long, Diana Barret, Judy Lacy, Ray Dudley, Harold Dudley, Janice McKinney, Bryan Brooks, Deborah Walter, Gregory Walter, Rebecca Walter, Taveila Brooks, Vicki Gore.

Ricky Riley, Randy Riley, Kevan Riley, Cindy Campbell, Patti McKinzie, Cliff Conway, Gail Conway, Sherry Hughes, Roy Hughes, James Fanning, Kevin Brazier, Robert Cobb, Lynn Anderson, Mike Newton, Phillip Newton, Stanley Newton, Anna Bowser, Sam Huffman, Elaine Campbell, Bridget Conway, Joyce Stewart, Sharon Gray, Johnny Murdock, Bruce Bradshaw, Debbie McDonald, Dana Kelly, Ray Smith.

Arlene Adams, Gavlon Stephens, Kevin Stephens, Kenneth Cattle, Paula Brown, Dirk Brown, Blake Williams, Mark Williams, Lynn Evans, Shirley Evans, Wanda Evans, Bryan Brooks, Quintrilla Brooks, Douglas Walter, Debra Walter, Gregory Walter, Rebecca Walter, Scott Bain, Sherry Bain, Malinda Wall, Carrie Shaw, Mickey Scott, Cindy Brooks, Sue Huffman, Linda Warren, Carol Warren, Mavis Warren, Marsha Hughes, Mike Tatum, Ken Kittle, Dorena Moore, Monte Moore, Kirven Winchester.

Dean Johnson, Abilene office manager for 17th District Congressman Omar Burleson, was a visitor in Comanche for a short while Thursday afternoon. Earlier in the day, Johnson, in behalf of Congressman Burleson, had presented awards to postal workers in Eastland.

"Why?" ask the committeemen. Mrs. Lloyd Coker, president and Mrs. Ollie Cox, secretary. "To visit, to see, an d to be seen."

Everyone is asked to bring a basket lunch. Bread and drinks will be furnished.

Dean Johnson, Abilene office manager for 17th District Congressman Omar Burleson, was a visitor in Comanche for a short while Thursday afternoon. Earlier in the day, Johnson, in behalf of Congressman Burleson, had presented awards to postal workers in Eastland.

CHARGES FILED IN EDMONDSON DEATH

A negligent homicide charge was filed here Monday against Jack W. Van Huss, 36, Rt. 1, Brownwood, as the result of the death of I. M. (Shorty) Edmondson, 60, of Comanche, the third member of his family in as many generations to die as the result of traffic accidents.

Edmondson, garage and wrecker service operator, died Monday of injuries received Thursday, June 7, when the wrecker he was operating was involved in an accident at the intersection of State Highway 36 and U. S. Highway 67-377 at the west edge of Comanche.

A cotton truck driven by a Lubbock man, Joachim Ulmer, had overturned, and Edmondson was standing at the side of his parked wrecker operating a winch when his truck was hit by a car driven by Van Huss, a Brown-

wood automobile dealer. Edmondson was hurled to the pavement and received a head injury. The cotton truck driver, Ulmer, Van Huss, and Comanche Policeman Roy Williams also were injured, but less seriously.

County Attorney C. C. Hampton filed the negligent homicide charge against Van Huss Monday in County Court here. Van Huss, still in a Brownwood hospital, has not yet been arraigned on the charge.

Edmondson's daughter, Peggy Edmondson, then a high school student, was injured fatally December 10, 1944, when a car overturned within three blocks of the site of her father's accident. Edmondson's father, C. M. Edmondson, was killed March 9, 1948 when he was struck by a car while leading a cow across U.S. Highway 67-377 near Comanche's east city limits.

YOUNG FARMERS FIELD DAY TOUR IS BIG SUCCESS

The first Annual Field Day and Tour sponsored by the Comanche County Young Farmers Chapter was a big success and was attended by nearly all of its 36 members and some fifteen or twenty business and professional men.

Bill Lane in his usual capable manner was the announcer and helped Chapter President Bill Evans, keep the interest high at every step.

Other officers of the Chapter present were Bobby Guthrie, Rt. 5, Comanche, Vice-president; Elton McDonald, Comanche Rt. 1, secretary; Norman Chandler, Rt. 2, Comanche, treasurer; M. S. Dean and Argh Boyd, Jr. of Comanche; Henry Spalding, Sidney and Weldon Kirby of Gustine, Members of the Board of Advisors.

The Motto of the Club as announced on the program is—Training For Tomorrow-Today.

The first stop was made at 12:30 at Gore's Dairy, just outside the city limits of Comanche on the Gustine Highway. The Gore Dairy is the largest in the county and one of the largest in the state with 500 cows—350 in production, and a milking plant unexcelled in this section of the state. Most of the cows are Holstein.

Equally as impressive as the milking plant was the 100 acres of irrigated alfalfa in an almost level fertile valley. Some of the Alfalfa has been cut three times this

season and is a fine as can be seen, but it was explained that some, if not all the land might have to be put in another crop next year to preserve productivity and to free it from any threatened disease.

Another Gore field attracted nearly as much attention as did his alfalfa was 40 acres of nearly waist high silage which was being cut and chopped up ready for feeding by a new modern machine which piled the silage on the ground as it was driven down the field. The harvesting is so arranged that when one part of the field is cut another new growth is ready for cutting in another part of the field. This procedure will be followed until the last part of the crop is killed by frost or a winter freeze.

The second stop was made at the Floyd Prather Farm on the Gustine Highway. Floyd, reared on a rice plantation in Louisiana is new at Texas farming, but he is getting off to a fine start on his side line occupation and already has some registered Herefords, a good irrigation plant with two or three wells and some storage tanks. He has started some coastal bermuda, some of which he is now grazing.

The third stop was at the Dalton Perkins Farm where he is building a fine new residence and putting down another well for home water supply. He has some of the finest coastal bermuda in the county, some of which is nearly waist high. He has three or four different plots, each showing the difference in the kinds of fertilizer used.

The ladies and girls served delicious refreshments at the Perkins place.

The fourth stop was made at President Bill Evans' one where we enjoyed seeing his cattle, his chickens, his laying houses, his hogs and his farm operation. Bill is one of the most successful and one of the most diversified farmers in the County, having won state title as "The Outstanding Young Farmer" in one contest and was the runner-up position in another state contest.

The fifth and final stop was at The Elton McDonald Farm on the De Leon highway, a few miles out of Comanche, being the same land once known as the Red Durham Dairy Farm. Elton has a nice new brick home and has the best non-irrigated coastal bermuda grass seen on the trip, although he has a huge ground storage tank for irrigation.

Elton was named as the 1952 "Outstanding Young Farmer" in Texas by the Jaycees.

The Comanche County Baptist Youth Association will meet with the First Baptist Church of Gustine Saturday evening, June 16 at 8:00 o'clock. The Billy Graham Dramatic Film, "Souls In Conflict" will be shown.

The public is cordially invited to attend!

ATTENDING BAND MAJOR SCHOOL AT T.C.U.
Miss Judy Burks, CHS Drum Major for the coming 1962-63 school year, is attend a Band Major's School at T.C.U.

MR. and Mrs. Morris
to teach in Abilene

Mr. and Mrs. Wyatt Lee Morris, teachers in the Comanche Public Schools for 16 and 5 years respectively, have been elected as special education teachers in the Abilene School System.

MR. MORRIS
They plan to move to Abilene within a few days. The special education department of the Abilene schools has 1,000 students and 43 teachers. There are more than 900 teachers in the Abilene school system.

Mr. Morris has served the Comanche schools for 16 years—including 8 years as high school principal, 2 years as assistant superintendent, and the last five years as Elementary School principal. He holds his B.S. degree from Daniel Baker College (1938) and his Master's degree from Hardin-Simmons (1950).

A member of the Army Reserve, he holds the rank of lieutenant colonel. He is a veteran of 5 years in the service—and

manches; Henry Spalding, Sidney and Weldon Kirby of Gustine, Members of the Board of Advisors.

The Motto of the Club as announced on the program is—Training For Tomorrow-Today.

The first stop was made at 12:30 at Gore's Dairy, just outside the city limits of Comanche on the Gustine Highway. PUBLISHED EVERY FRIDAY
AT 203 WEST GRAND
COMANCHE, TEXAS
Established in 1873.

SUBSCRIPTION PRICES: \$2.50 per year, \$1.50 for 6 months in Comanche County and on rural routes of Dublin, Gormley, Blanket, Carlton, May and Zephyr. \$3.00 per year, \$1.75 for 6 months elsewhere in Texas. \$3.50 per year, \$2.00 for 6 months outside Texas. Minimum subscription accepted \$1.50. Entered at the Post Office at Comanche, Texas, as second-class mail matter.

There is an old saying that in a droughty country "It never rains unless it pours".

The same might be said of Texas in regard to crime. Things go along smoothly in Texas for years without the uncovering of any major crime and all at once the flood breaks loose with the uncovering of the Billy Sol Estes multi-million dollar steal, followed by the "crooked hole" well drilling in Texas oil fields; on down to a sixth grade school teacher being arrested on a complaint charging theft of a "credit card".

So far as we have heard, nobody to date in Comanche County has received a Billy Sol money order with no letter or strings attached. Nor has anybody been rushed to Dallas and fitted in a \$500 suit at the swankiest store in the South.

Last week Vern Sanford, of Texas Press Association, issued a newsletter saying that "crooked hole" well drilling is now the biggest news at the State Capital.

More than \$3,000,000 in penalties has been asked by Attorney General Will Wilson in the first suit brought by the State following "crooked hole" investigation in the East Texas oil field.

Suits contend that six oil wells were drilled in such a direction that they would end up under someone else's land.

We don't know just how deep underground a man's title to land holds good, but some say it is all the way to Hades.

Sanford says that oil operators plugged two wells before the Texas Railroad Commission engineers could check to see if the holes were straight or crooked.

Suits filed ask fines of \$1,000 a day for each day of operation of each crooked well.

Humble Oil & Refining Company brought a civil suit against another group of oil operators. Humble says that the operators' crooked wells ended under an Humble lease and have been draining off Humble's oil.

There is safety in age, says

the State Health Department which points out that if you live to be 100, you will likely be safe from death by an accident. Statistics reveal that not a single person over 100 years of age died in an accident in 1960.

Statistics also reveal that there is something to what they say about Texas weather. Deaths from extreme heat and from freezing both were reported in Texas during 1960.

The biggest killer for all age groups, except those under the age of 1 and over 75, is the highway accident.

In the home, fires and explosions are the biggest killers. Falls are in third place and rank first among crippling accidents to those over 70.

Homes rank next to the highway as the scene for most of the accidental deaths.

Texas' effort to get more tourists to visit Texas State Parks is paying off, according to a survey completed up to June 1. A total of 681,875 people have visited the parks so far in 1962 as compared to 590,133 to the same date in 1961.

Most popular parks so far in 1962 are the Garner State Park near Uvalde, Lake Corpus Christi Park, the Palo Duro Canyon Park near Canyon, including the West Texas Historical Museum at West Texas State College.

Next in line are the Bentsen Park on the Rio Grande Border and the parks near Kerrville and Buescher Park.

Nearest State Park to Comanche is Brownwood State Park, about 20 miles northwest of Brownwood just off the Brownwood-Cross Plains Highway, and it is actually nearer to Cross Plains than it is to Brownwood.

We visited this park on May 30 of this year. We enjoyed it but there is not much to see there, and is not as pretty as the area around Lake Brownwood, where the boat races are held, near which are a number of summer and permanent homes.

The only toll road in Texas is the Fort Worth-Dallas Turnpike and it seems to be paying its way and the some.

The Turnpike grossed \$3,245,797 last year and had operating expenses of \$937,168. It put \$1,641,977 into the fund to pay the \$58,500,000 which it borrowed to build the road, and to build up its reserves of nearly \$5,000,000.

The Dallas-Fort Worth Turnpike is the only road in Texas on which it is legal to drive 70 miles per hour.

The State 2 cents sale tax brought the State General Fund out of the red a few weeks ago, but Texas smokers helped the school funds and other state institutions a lot, as the cigarette smokers chipped in more than \$7,000,000 a month last year under Texas' 8-cents sales tax on each package of cigarettes.

The income from the cigarette tax in May alone this year brought in \$7,700,588, reports State Treasurer Jesse James.

If Abraham Lincoln was living today, what would he think of our National debt of today? He would have about as much idea about the debt today as he would about the speed of a jet plane compared to that of a race horse.

100 YEARS AGO

The National debt first reached the billion dollar mark in May 1862, according to the following article taken from The Brenham Inquirer, published June 3, 1862, and recently reprinted by the University of Houston:

Startling Figures—The debt of the United States under Lincoln is so vast that the Yankees admit that unless they can conquer and rob the South by July,

it will reach \$1,000,000,000. Very few people have an adequate idea of this sum.

If it was in gold, allowing \$250 to the pound, it would take four million pounds, or 20,000 tons of 2,000 pounds each to make a billion.

If carried on drays, a thousand pounds on each day, it would take 62,000 days to carry it. Suppose a person could count a dollar each second and work six hours each day. Then it would take 120 days to count it.

Putting it in a pile of half dollars, allowing ten to the inch, it would make a pile 3.155 miles high, or if laid on a line, each an inch across it would be nearly 17,000 miles long.

People of the South, the enemy says that you shall pay this

vast amount. What do you say about it?—The Brenham Inquirer.

The Knoxville Register says that Stonewall Jackson has crossed the Potomac and that thousands of men from Maryland are flocking to Jackson's side.

The Houston Telegram says: There is great excitement in Washington. Riots and mobs have full control. Later dispatch says that Jackson is within 5 miles of Washington and his army has increased to 60,000.

The Brenham Inquirer says: The insufficiency of food is our greatest drawback. There was never a time in our knowledge when the future was so gloomy in regard to food stuff. Already from Texas to North Carolina, corn is scarce and what there is, is selling at \$1.25 to \$2.00 per bushel. The wheat crop has been absolutely destroyed and the chance for oats is slim.

The Austin Intelligencer says: General Beauregard has issued an order requiring the burning of all extra tents. Officers are allowed only 16 pounds of baggage. He has issued an order excluding all correspondents from the lines, making it a death penalty for important news to be transmitted.

De Leon High School will issue letters to those who win scholastic honors, similar to the lettered sweaters which athletes win, according to the following statement in The De Leon Free Press:

"The Academic Sweater Awards will be given for the first time September 6, 1962 to six 1962 graduates and 27 undergraduates.

"The ceremonies will recognize the winners' excellence in academic work, citizenship, plus extra contributions to the high school activities.

"The awards are being financed by 16 civic organizations and school patrons. The project was begun by the De Leon PTA to encourage and recognize academic excellence; and the school officials feel that the results have been noteworthy."

It is a little late to mention it, but today, Thursday, June 14, publication day, also is "National Flag Day." Every home in Comanche County and the whole State of Texas and all 50 States of the Union were supposed to display a United States flag today.

President Kennedy, like all

presidents, who have preceded him, issued a proclamation urging every home in America to display the flag today. However, it is not a legal holiday in any of the States with the exception of Pennsylvania.

June 14 has been designated as Flag Day because on June 14, 1777, just a year after the Declaration of Independence, the Continental Congress adopted the "Stars and Stripes" as the Official Flag of the USA.

Flag Day is not too well observed in many parts of the country, but all Federal Buildings on this day by order of the President must display the American Flag.

We need some kind of contest or drive in Comanche to sell every home and business institution a new U. S. Flag, equipped with a proper staff for displaying it. Then Comanche could really show its patriotism on all proper occasions.

Why don't some of the clubs which wish to make a little extra money, and at the same time to perform a patriotic service, start a Flag sale in Comanche and canvass every home and business institution in Comanche?

A good Flag, complete with a kit, can be bought from The Dallas Morning News for \$3.57 by mail.

In life it is just as important to forget a few things as it is to remember others. Sometimes when you speak well of a man or woman, there is often someone present who comes up with, "That may be true, but you have not known him as long as I have." Then he tells of something that happened long ago.

The Bible says, "We know that all things work together for good to them that love the Lord, to them who are called according to His purpose."

If you watch a crime being performed and do nothing about it, when you might prevent it, you are guilty yourself, to a certain extent.

The Bible says: "When Pilate saw that he could prevail nothing, but rather that a tumult was made, he took water and washed his hands before the multitude saying, 'I am innocent of the blood of this just man; see ye to it.'"

While business remodeling and improvements are underway and attracting attention of all—the East Side of the Square is not standing still. The K. L. Macon Building has been repainted and its front doors thrown open to trade where Isham's Used Furniture-Appliances is enjoying an increase in trade.

The front of Baxter's Place al

so being touched up with paint, and other improvements are underway. On the northeast corner of the square, Wright's Leather Goods has moved into the former A&P location and many improvements are underway, and it looks as if that place might become one of the most active places in town.

Have you noticed the many improvements that are being made in the Carnes Sunset Addition in West Comanche? Some three or four fine residences are underway and every home in that addition is a credit to the town.

A residence building program is also underway in the North part of the town in the Keele Addition.

Another center of building activity is on West College Ave. in the older part of the town nearer the square. Two new houses are

going up and some improvements on the older traffic made that the problem, as workers of building material

One line of business to be slowing up in the is the Marriage License office. The traditional marriages are not being out of state before her recent marriage, says when a young lady she went to school on the second

President Johnson To Dedicate **Screwworm Eradication Center**

ANGUS DICKSON, JR.,
 County Agricultural Agent
 President Lyndon B. Johnson
 will dedicate the 75 million-
 sterile fly plant at
 headquarters of the
 Screwworm Eradica-
 tion Center, on Saturday, June
 23.
 The ceremonies begin at
 10 a.m. at the plant, Moore Air
 Force Base, 14 miles north of
 Fort Worth. Also included in the
 program will be tours of the
 plant before production and
 regulations are started
 on the new day.
 The plant, built with funds
 donated by individual live-
 stock producers and sportsmen
 of the Southwest Animal
 Research Foundation, is
 located to the improve-
 ment of the Southwest livestock

very pleased that Vice-
 President Johnson will take part
 in the dedication ceremonies,
 said Scruggs, president of the
 foundation. "This is a pro-
 gram of the entire Southwest,
 and sportsmen in Tex-
 as, Oklahoma, Arkansas, Louisi-
 ana and New Mexico will re-
 ceive tremendous benefits from
 the plant. Vice-President
 Johnson can speak for stockmen
 who are interested in the pro-
 gram in this wide area."
 The plant will be a milestone
 in the history of the Southwest
 livestock industry. Scruggs ad-
 ded that completion of the plant is
 one of the most
 important efforts ever
 made by stockmen anywhere.
 The plant was built and
 dedicated to the im-
 provement of their industry.
 The Texas Animal
 Research Commission and the An-
 ti-Screwworm Eradication Divi-
 sion of the U.S. Department of Agri-
 culture, cooperating agencies in
 the program, will also take part
 in the dedication. Governors
 of five states and the Sec-
 retary of Agriculture of Mexico
 are invited.

The plant is actually a "fly
 house." It covers 75,000 square
 feet and employ 500 people work-
 ing three shifts every 24 hours
 seven days a week, and is
 designed to produce from 50 up
 to 100 million sterile screwworm
 flies a week of the year. Every
 fly is timed to coincide
 with the normal life cycle of the
 pest.

Stock producers and sports-
 men from the entire Southwest
 are urged to take
 part in this ceremony and inspect
 the plant built with their own

Comanche County Young
 Homemakers entered a float in

Margaret Kasinger and **Rodger Johnson Repeat Vows**

Miss Margaret Faye Kasinger
 and Rodger Wayne Johnson were
 married at 3 p.m. Wednesday,
 June 6th, at the home of the
 bride's parents, Mr. and Mrs.
 Herbert Smith, 221 South Austin.
 Rev. Alton Kirkland performed
 the ceremony.

Mr. and Mrs. Fred Johnson,
 Route 1, Comanche, are the
 bridegroom's parents.
 Miss Sue Martin was the bride's
 attendant, and John Campbell
 was best man.

The bride was given in mar-
 riage by her brother, Marvin Lee
 Kasinger.

Others attending were the im-
 mediate families including three
 grandmothers: Mrs. Edna Porter
 of Sweetwater, Mrs. Ollie John-
 son of Comanche, and Mrs. Dovie
 Bradshaw of Gartman View.

The couple are 1961 graduates
 of Comanche High School.
 Mr. Johnson is associated with
 his father in the flower and bed-
 ding plant business here.

7 Screwworm **Cases In County**

By ANGUS DICKSON, JR.,
Comanche County Agent

Seven positive cases of screw-
 worms have been identified from
 Comanche County to date. Spec-
 imens sent to the Mission, Texas
 Identification Laboratory by J. B.
 Maples and Marvin Lee of New-
 burg, Terry Sparkman and Billie
 Patton of Gustine, L. B. Fritts
 and J. H. DeWitt of Comanche
 and Ronald Collinsworth of Proctor
 were identified as screwworm
 larvae.

Earlier identifications reports
 received by Bob Carpenter, Don
 Gray, John Robertson, McDoug-
 al's Auction, Wayne Adams and
 L. D. Cox were all negative and
 not screwworm cases.

Screwworm control officials at
 both Kerrville and Mission report

they are very appreciative of the
 cooperation of these livestock
 producers in sending in their
 samples for identification. They
 point out this is the only way
 they have of keeping up with
 the spread and intensity of the
 screwworm fly population.
 Livestock producers are urged
 to inspect all livestock regularly
 to treat all wounds promptly and
 send in a 10 worm sample from

and mailing cartons are available
 from Vocational Agricultural In-
 structors, Weldon Kirby at Gus-
 tine, W. A. Morgan at De Leon,
 Henry Spaulding at Sidney, and
 A. E. Boyd, Jr. and Morris Dean
 in Comanche. Also from screw-
 worm committeemen, community
 centers and the County Extension
 Office has a supply.

ENCOLUBE HD fights 3 kinds of wear in farm engines

1 FIGHTS HOT WEAR

When farm engines labor in scorching weather and under heavy loads, new improved ENCOLUBE HD gives tough, full-bodied protection — strengthened by a special anti-wear additive.

2 FIGHTS COLD WEAR

Even in freezing cold ENCOLUBE HD flows freely for instant lubrication. Makes starting quicker, too.

3 FIGHTS IDLING WEAR

When engines idle between loads, engine-clogging sludge can form in the crankcase. But ENCOLUBE HD prevents sludge build-up; protects against clogging, oil-starved bearings and wear.

Call me for ENCOLUBE HD, or ENCOLUBE HDX, and for other top quality products for your farm or ranch —

JOE H. TUPIN

MRS. JOHN DAVID KITCH

Miss Rita Faye Taylor and John David Kitch were united in marriage in an impressive candle-light ceremony at 4 p.m. Sunday, June 10, at the Gartman View Freewill Baptist Church. The bride is the daughter of Mr. and Mrs. Tom Taylor of Route 1, Comanche. Parents of the groom are Mr. and Mrs. E. J. Kitch of Mount Pleasant, Iowa. Rev. Huey Gower of Irving and Rev. Lively Brown of Fort Worth officiated at the wedding. Miss Janice Fritts attended the bride as maid of honor. Other attendants were Mrs. Nell Price of Brenham, Misses Cindy Sattler and Doris Schmidt of Blanco, and Miss Jean Kitch of Mount Pleasant, Iowa, sister of the groom. Flower girl was Jennifer McDougal and ring bearer was Edmond McGuire. E. J. Kitch attended his son as best man. Groomsmen were Roy Phipps of Blanco, Gary Don King of Comanche, Bob Price of Brenham, and Joel Kitch of Mt. Pleasant, Iowa, brother of the groom. Misses Rebecca and Patricia Brown, cousins of the bride, were candle lighters. Mrs. J. C. Price of Brenham, soloist, sang "I Love You Truly" and "The Wedding Prayer". She was accompanied

Spraying Helps Prevent The Screwworms

Periodic spraying of livestock every 2 or 3 weeks with Co-Ral or ronnel (Korlan) will aid greatly in the prevention of screwworm infestations. County Agent Angus Dickson, Jr. emphasized today.

Stockmen are urged to spray home of the bride's parents. Miss Sue Collins presided at the bride's book. Misses Evelyn Blackwell and Margaret McDonald were at the serving table. For travel, the bride chose a blue shantung suit with blue hat and gloves, and white accessories. The couple will make their home in Mt. Pleasant, Iowa.

vent as many screwworms as possible. Every screwworm which is prevented by chemical treatment aid greatly the efficiency of the overall screwworm control program. Although several will effectively control worms, County Agent said sprays of Co-Ral (Korlan) give better from screwworm attack of most other external. Stockmen also are inspect all livestock for or more worms present. Taken to your local cultural Agent or Southwest Screwworm Control Program, Box 96 Texas.

Grow More--Get More Profits With

The truck that's as good as your word

When you promise something will be there, a Chevrolet truck will help you keep your word almost to the point of monotony. It will do its job over and over and over again, with seldom any trouble, at very low cost. What more can you ask from a truck? Because of their reliability, people have put more Chevrolet trucks to work every year since 1937. That's a strong vote of confidence. If good service is vital to your business, make your truck a Chevrolet and make your word more dependable than ever. Call your neighborhood Chevrolet dealer soon.

Corvair 95 Corvan. This is the strong van—the only one with double-wall construction. Has air-cooled engine in the rear, coil springs at all 4 wheels.

Barton Injured Truck Collision

Services for Billy Lane, 29, E. Fleming Ave., Comanche, who was fatally injured in a two-truck collision near Stephenville, were held at 2 p.m. Thursday at the Comanche Funeral Home, with Rev. J. Gaines officiating. The deceased was in Oakwood cemetery, Comanche. Barton, who was residing in Granbury, while a truck hauling gravel to project near Granbury to project Dam construction in Comanche, died shortly after the collision. The truck was driven by a Stearns, following the collision between two heavy trucks. The collision occurred on U.S. Highway 377, east of Stephenville. In the collision were Troy Bryant, 23, and his brother, Bryant 21, both of Comanche. The Bryants are nephews of the deceased. Barton was a son of the late Mr. and Mrs. W. Barton and Rhoda. He had lived in Comanche all his life. He was survived by three brothers, Frank Barton of Amarillo, Dan and Charles Bar-Houston; and three sisters, Virgie McDonald of Comanche, Mrs. Virginia Bryant, and Mrs. Donice of Amarillo.

D. E. (Ed) Willis Dies Here Monday

Dallas Edgar Willis, 83, operator of a real estate agency here for the past 24 years, passed away Monday, June 11 at his home, 601 W. Walcott, after a short illness. Funeral services for Mr. Willis were held at 4 p.m. Tuesday at the Comanche Funeral Home Chapel, with Rev. Jack W. Lewis of Austin, and Minister Clarence Bryant, Comanche, officiating. Burial was in Oakwood cemetery, Comanche. Pallbearers were Alton Beaty, T. R. Shaffer, John Carpenter, Jack Wheat, Grady Ripley, and Bob Love. Mr. Willis, son of the late Pete T. and Amanda Hickey Willis, was born February 18, 1879 in Hill County. He was converted early in life and was a member of the Baptist Church. Mr. Willis was married April 4, 1931, to Mrs. Edith Mashburn.

Mrs. Mercer Dies In Dallas

Funeral services for Mrs. Dorothy D. Mercer, 44, who passed away Sunday, June 10, in a Dallas hospital after a short illness, were held Wednesday, June 13, at the First Baptist Church in Comanche, with Rev. S. J. Isham, Minister James Haney, and Rev. M. F. Cox officiating. Interment was in Evergreen cemetery, Comanche, under direction of the Comanche Funeral Home. Pallbearers were Marvin Huey, Tom Zack Bolton, Buddy Harrison, and to this union one daughter was born. Mr. Willis is survived by his wife, shoe saleslady for Higginbotham's, Comanche; the daughter, Mrs. Joe A. (Sarah) Durham of Richardson; two sisters, Mrs. Charles S. Keeler of Comanche, and Mrs. G. L. Lewis of San Angelo; and two grandchildren.

son, T. J. Couch, McDonald Applewhite, and Wylie Walker. Mrs. Mercer, born September 3, 1917 in Comanche, was the daughter of George H. Jones, Gustine, and the late Mae Couch Jones. She was converted early in life and was a member of the Crest Hill Baptist Church in Dallas. She made her home in and near Comanche for 22 years, and in Dallas since. She was employed as an auditor for an insurance company in Dallas. She was married in 1936 to Norman Harrison and to this union one son, Lt. George Roy Harrison, U. S. Armed Forces, was born. The son is stationed in Germany. She was later married to Paul Mercer. In addition to her father and son, Mrs. Mercer is survived by two granddaughters, Ann Michelle Harrison and Marie Harrison, in Germany. Here From Wellington Mr. and Mrs. Aubrey Stuckey, former Comancheans, now residing in Wellington, spent the week end here with Mr. and Mrs. Tom Cox, Sr.

Presbyterian Notes "Father's Day" will be observed at the First Presbyterian Church Sunday at 11 a.m. The oldest and youngest fathers will be given special recognition at this service. Special music will be presented by the choir. Mrs. V. A. Mayers is organist. At 7:30 p.m. Dr. and Mrs. Greer will give some "Brief Impressions of People and Things" on their recent visit to Princeton, New Jersey, and other places of interest in the Eastern and Northern States. The Young Peoples Choir will lead the congregational singing. Here From Dallas Mr. and Mrs. James Hoffpauir and daughter of Dallas visited Mr. and Mrs. Elton McCullough here over the week-end. Mr. Hoffpauir, former Dodge-Plymouth dealer in Comanche, is now regional sales manager for Chevrolet out of the Dallas office. Here From Arizona Joe Farmer and family of Arizona, have been here this week for a visit with his parents, Mr. and Mrs. Burl Farmer.

Hazzard - Beaty Engagement Revealed

Rev. and Mrs. Durward Hazzard of Fort Worth have announced the approaching marriage of their daughter, Virginia Da Sha to Joe Beaty of Comanche, son of Mr. and Mrs. Ory.

bridesmaid and Lenward Caraway groomsmen. The wedding will take place at 8:00 p.m. June 23 in the First Baptist Church of De Leon. Miss Hazzard has attended the University of Corpus Christi. Her fiancé has attended Texas A&M and John Tarleton. Office Supplies At The Chief-

Beattie School Homecoming Set

Ex-students and teachers of the once flourishing Beattie School will meet Sunday, June 17 at the Beattie Community Center for an all day reunion.

Dave Auvenshine of the Stag Creek community and Ben Stephenson of Lubbock are heading the Beattie School Homecoming program.

Those attending are requested to bring a basket or sack lunch.

"This is just an old fashioned get-together with singing in the afternoon," said an announcement from Auvenshine and Stephenson.

SINGING SET HERE FOR SUNDAY AFTERNOON

There will be a gospel singing at the First Free Will Baptist Church, Comanche, Sunday afternoon, June 17, starting at 2 o'clock.

Mrs. H. Jim Burks, president, issues the invitation to one and all to attend.

Abilene Visitors

Mr. and Mrs. J. A. Ormsby visited Mr. and Mrs. Bufford Cottrell and children in Abilene this week.

Mrs. Meyers Presents Pupils In Recital

Mrs. V. A. Meyers presented her piano pupils in recital Friday June 1 at 7:30 p.m. in the First Presbyterian Church.

Pupils participating were John Wayne Robertson, Sharon Hicks, Sam Huffman, Deborah Hicks, Melinda Wall, Kaye Carpenter, Sarah Fletcher, Elizabeth Lane, Bessie Simpson, Janda Bloyd, Larry Blackwood, Gail Carpenter, Gay Waggoner, Dianne Straley and Sallie Huffman.

Miss Janet Meyers played organ selections preceding the recital which included Intermezzo by Nevin, To a Water Lily and To a Wild Rose by MacDowell and Nocturne by Mendelssohn.

John Davis Rachels assisted with the programs.

Afterwards a reception was given in the Fellowship Hall. A Spring Color theme of yellow and white was used. Mrs. Keith Lane, Jr. presided at the punch bowl. Mrs. H. J. Rachels and Mrs. Eugene Rauhut assisted.

CARD OF THANKS

We wish to express our sincere appreciation to friends and neighbors for the visits and many cards and beautiful flowers that were sent to me while I was in the hospital; and for all the delicious food that has been brought since I have been home. We pray God's richest blessings upon each of you. Mrs. Willie Tupin and family.

W. W. Lynch, of T.P.&I. Elected President of Edison Electric Institute

W. W. Lynch, president of Texas Power & Light Company, has been elected president of the Edison Electric Institute by its board of directors. Installation of the new president was made Wednesday at the closing session of the Institute's 30th Annual Convention in Atlantic City.

Vice president of the Institute since last June, Mr. Lynch succeeds Philip A. Fieger, chairman of the board and president of Duquesne Light Company, as head of the trade association of the nation's investor-owned electric utility companies.

After graduation from Texas A&M College in 1922, Mr. Lynch spent a year and a half with Westinghouse Electric Manufacturing Company, joining Texas Power & Light Company in 1923. He served successively as design assistant, field electrician and foreman, and superintendent of distributions before he was elected vice president of the company in 1936. He was named executive vice president in 1947 and became president in 1949. He is vice president, director, and a member of the executive committee of Texas Utilities Company.

At the installation Mr. Lynch said the United States leads the world in the scope and quality of its electric power supply. He said the U. S. has ample reserves which are as large as the combined systems of the five next largest nations of the world, and our capacity is three times larger than Russia. He added the industry has ample talent and financial strength to meet every growth problem of the future.

"On the other hand, we are faced with an array of developments that threaten our industry and American business in general. The same forces and ideologies, from which they spring, also support an amazing accumulation of inept theories that plague business, agriculture and trade, and if continued will sap the vitality of free enterprise itself, which is the true impetus

to our growth and development as a nation," Lynch stated.

"We need to develop broad public understanding of the problems we face and of their implications to our citizenship, to American business and to labor. Freedom is never lost by a vote of the people on the subject itself; but when there seeps away the spirit that caused the guarantees of human liberty, to be written, the documented principles become meaningless," said Lynch.

He concluded there is a broad and vigorous upsurge of educational levels in the nation. Lynch said the president of one of our most respected institutions expects that within perhaps five years, the students entering his institution from high school will have educational training comparable to those graduating today. He explained, however, that unless these graduates finally understand the basic principles of our freedom, it will be in vain. Today, he reported, less than four per cent of high school and college graduates have had any schooling in economics. It is not surprising then, he said, that as a nation we are so gullible to impossible promises.

BILLY CRED CURRY UNDERGOES SURGERY

Billy Fred Curry, who was seriously injured in a tumbling accident at Texas A&M College, when a freshman some six years ago, underwent surgery this week at Providence Hospital, Waco.

His parents, Mr. and Mrs. Fred Curry, Comanche, report that this new skin grafting operation is an apparent success, but attending physicians say he will be hospitalized for several weeks.

Billy Fred, who has his degree from Texas A&M, is now a graduate student at A&M. He is married to the former Nancy Cloud, Comanche.

Funeral Rites Held For I. M. Edmondson

Iris Malcolm (Shorty) Edmondson Sr., 501 W. Walcott, Comanche, passed away at 3:15 a.m. Monday, June 11, in a local hospital, from injuries sustained in a motor vehicle mishap here on Thursday, June 7.

Funeral services for Mr. Edmondson, 60, were held at 2 p.m. Tuesday, June 12, at the Comanche Funeral Home with Rev. Henry Chambers, pastor of the local First Baptist Church, officiating.

Interment was in Oakwood Cemetery, Comanche.

Pallbearers were John Shook, W. S. Lawrence, Elton McCullough, Charles Johnson, Inzer Creek, Wayne Stewart, Paul Hamilton, Mike Sullivan, Porter McCarroll, Herbert Goodson, Uric Gore, and Douglas Hilliard.

Mr. Edmondson, operator of a garage and wrecker service here for the past 40 years, was injured when an automobile driven by a Brownwood man collided with Mr. Edmondson's parked wrecker truck on U.S. Highway 67-377 at the intersection of State Highway 36 in west Comanche. Mr. Edmondson was operating the wrecker truck in moving the wreckage of an overturned cotton truck when the mishap occurred.

Mr. Edmondson, son of the late Charles Monte and Mary Ella Edmondson. He was born June 21, 1901 at Comyn, Comanche County. He had lived in Comanche County all his life and in the City of Comanche for the past 40 years. He was converted early in life and was a member of the First Baptist Church, Comanche.

Mr. Edmondson was married October 5, 1927 to Miss Jewel Snead, and to this union two children were born, a daughter and a son.

He was preceded in death by his daughter, Peggy Joyce Edmondson; a sister, Mrs. Iva Cox, and his parents.

Mr. Edmondson is survived by his wife and son, Iris Malcolm Edmondson Jr., Comanche; two brothers, Fred Edmondson of Comanche and Bartlett Edmondson of Abilene; and three sisters, Mrs. Russell (Vera Mae) Howell of De Leon, and Miss Oree Edmondson and Mrs. Odessa Childs, both of Comanche.

Entertainment will be provided for the children. Come on out at 8 o'clock and prepare to have a good time, says Bill Evans.

Visit TCU Campus

Nancy Caraway and Sharon Durham, accompanied by their parents, Mr. and Mrs. D. F. Caraway and Mr. and Mrs. W. M. Durham, Jr., attended the TCU freshman orientation clinic Monday and Tuesday. Both Nancy and Sharon are 1962 graduates of Comanche High School, and plan to enroll in TCU next fall.

Visiting in Temple

Mrs. Bill Wilkerson and children are visiting her parents, Mr. and Mrs. M. V. Blanton in Temple this week.

Here From SWSTC

Vic Richardson, who is attending summer school at Southwest Texas State College, San Marcos, was home visiting his family over the week-end.

By M. AUSTY, Rt. 1, Dublin

While Cuba's Communist leader, Fidel Castro, makes a big show of the trials of captured Bay of Pigs invasion prisoners in order to focus attention away from pressing food shortages at home, he smites his chest and boasts of his seizure of the U. S.-owned 100-million-dollar nickel plant at Niquero. The U. S. is said to have paid Cubans \$325,000 in bonuses and salaries on the same day that bearded Castro gobbled up the plant. Shades of Theodore Roosevelt, when will this nation demand payment of this boaster?

Modern science moves fast. A few years ago the Buck Rogers "ray gun" was a figment of the imagination. Today the Light Ray gun is here. This fantastic device, now no larger than a flashlight, concentrates light rays in a force destructive enough to shoot holes in solid steel sheets. The experts claim the guns will grow in size and within seven or eight years, with their speed of light, it will be easy to ray a "slow" missile moving at least 18,000 m.p.h. Soon then, atomic power will be as obsolete as the muzzle loading rifle from a military standpoint.

When is a mercy killing not a mercy killing? This question has been argued over since time immemorial. A few days ago in Liege, Belgium, a 35-year-old mother was charged, along with her husband, mother, sister and family doctor, with poisoning her 10-month-old daughter. The daughter was born armless and otherwise deformed. A moot question, one that will never be answered, is the satisfaction of all mankind. The One who gave life knows the answer but does not reveal it.

Recently in England a man who claimed to be 107 years old died and soon after the death a birth certificate was found which revealed that he was only 89. An odd thing perhaps but many men already well past their allotted three score and ten years of life, seem to gloat over each additional year to the point of embellishing the facts somewhat. It might be odd also that women claim no "extra" years at any age and are usually prone to disclaim a few actually achieved.

The action of the U. S. Senate last week in voting to refuse aid to Communist countries was highly pleasing to a vast majority of American tax payers, not so well pleased when the decision was later softened to allow aid to the way of grain and food-stuff Communist dominated Poland and Yugoslavia would be slow to seek closer ties with already hungry Russia should the U. S. discontinue, or slow down their flow of dollar aid.

Some political analysts appear somewhat at a loss a few days ago in trying to understand the implications presented by the winning of all conservative aspirants to high state offices in the Texas Democratic primaries. Surely the experts can understand that, at least for the time being, the majority of Texans shown upon too much free wheeling, dealing and spending and have simply said so by support-

SHERIFF'S NOTICE OF SALE OF DELINQUENT TAX SUIT
THE STATE OF TEXAS
County of Comanche

In virtue of an Order of Sale issued pursuant to a judgment decree of the said District Court of Comanche County, Texas, by the Clerk of said Court on the 25th day of May A. D. 1962, in a certain suit No. 2494, wherein The State of Texas & County of Comanche, Plaintiff, vs. Robert E. Lee, Defendant, in favor of said plaintiff, for the sum of \$293.22 (two hundred and ninety-three and 22/100 dollars) for taxes, interest, penalty and costs, with interest on said sum at the rate of six per cent. per annum from the date of said judgment together with all costs of suit, that being the amount of said judgment rendered in favor of said plaintiff, by the said 52nd District Court of Comanche County, on the 25th day of May A. D. 1962, and in said directed and delivered as Sheriff of said Comanche County, I have seized, sold upon, and will, on the first Tuesday in July A. D. 1962, the same being the 2nd day of said month, at the Court House door of said Comanche County, the City of Comanche between the hours of 2 o'clock P. M. and 4 o'clock P. M. on said day proceed to sell for cash to the highest bidder all the right, title and interest of said defendant in and to the following described real estate, to-wit: the same lying and being situated in the County of Comanche and State of Texas, to-wit:

25.75 ACRES of land out of the 100-acre County School Land, Abstract 407, 2ND TRACT, ONE-HALF UNDIVIDED INTEREST IN AND TO the 100-acre out of the Wm. Lindley Survey, Abstract No. 1828, 35 acres out of the J. B. Hall Survey, Abstract No. 1549, 11 acres out of the E. W. Lee Survey, Abstract No. 2144, all tracts lying and being situated in Comanche County, Texas. Upon the written request of said defendant or her attorney, a sufficient portion thereof to satisfy said judgment, taxes, penalties and costs; subject, however, to the right of the plaintiff for any property that may not be included herein, to the right of redemption, the defendant or any person having an interest therein to redeem the said property, or a portion thereof, at any time within the period provided by law, and subject to other and further rights the defendant or anyone interested therein, may be entitled to, under the provisions of law, and to the satisfaction of said plaintiff, the proceeds of said sale to be applied to the satisfaction thereof, and the balance, if any, to be applied as the court directs.

Witness my hand and the Seal of said County, Comanche, Texas, this 30th day of May 1962.
Boyle Dean, Sheriff
Comanche County, Texas.

ing the more conservative candidates. Doubtless some able men were rejected by the voters due largely to their adherence to presently less popular liberal views.

And a Representative in the Congress of the United States a few days ago introduced a bill to ban shorts in the Capitol, but seems to be getting no co-operation from any source. The Congressman is quoted as saying: "The women look bad enough but the big fat men are downright disgusting in their short shorts and hairy legs sticking out all over the place." There is food for thought in the Congressman's action. Could be that this manner of adorning oneself does distract the lawmakers and adds nothing to the dignity of the adornee.

The rare whooping crane again appeared in print last week when it was announced that since a low point of only 14 was reached in 1938 there are now 45 of the great white birds, seven of them in zoos. The whoopers are now nesting in Canada's isolated 11-million-acre Wood Buffalo National Park near the Arctic Circle, the only known nesting ground in the world. Thoughtful hunters both in Canada and the U. S. are credited with the increase in this almost extinct species of bird life by simply refraining from harming them.

There was rather grim irony recently in Communist East Germany's asking free West Germany for a ten-year loan of \$687 million to be used in the purchase of badly needed coal, food and

machinery. This, while shooting down East Germans trying to escape to West Germany. Small wonder that Mr. Krushchev calls Berlin, "a bone in my throat." The contrast is too great and too many people are realizing that they are not supermen, and through their blundering must call on free society to bail them out of trouble of their own making.

Humble Now Erecting ENCO Signs In Texas

Humble Oil & Refining Company begins a 60-day campaign to erect the Enco sign at all its stations in Texas. This is another step in the nation-wide expansion program which began in 1959. Humble now markets in 46 states. Throughout the West, from

The name Enco is derived from the slogan "America's Leading Energy Company." This slogan was adopted following the merger of five leading oil companies to form the nation's largest domestic oil company.

The new sign program involves more than 3,000 service stations and more than 4,000 signs. To complete the work will require the use of a fleet of over 100 trucks to distribute the signs and more than 75 work crews to put them in place. It is expected that all stations in Texas will have their new Enco signs in place in late July. "This move enables the motoring public to easily identify our station," said J. C. Wilbourn, Southwest Region Marketing Manager. "The familiar oval will be seen from coast to coast."

The work is proceeding on schedule and should be completed as planned.

Throughout the West, from

ADULT 4-H LEADERS MEET

The Comanche County 4-H Adult Leaders Association met Monday night, May 28, at the County Courthouse.

Reports were given on the 4-H Adult Leaders Workshop held at Mt. Wesley near Kerrville, June 11-12-13, by those who attended. County Agent Angus Dickson, Jr. gave a report on the Agent's meeting he and Home Demonstration Agent Carolyn Owen attended there. J. A. Cox reported on Sheep and Goats, Mrs. Gayle McCullough on Citizenship, Mrs.

Plans for the two Brazilian State 4-S Leaders who were in Comanche County May 30-31 and June 1 were discussed.

Agent Dickson told of the new 4-H Club project—Quail Management Demonstration. Clubs interested in this project must check with the Agent within the next few days.

Activities of Rural Life Sunday were given from each club. Boys' names who plan to attend District 8 Boy's 4-H Camp at Lake Brownwood, were turned in.

Plans for the two Brazilian State 4-S Leaders who were in Comanche County May 30-31 and June 1 were discussed.

Agent Dickson told of the new 4-H Club project—Quail Management Demonstration. Clubs interested in this project must check with the Agent within the next few days.

Ablene Visitors

Mr. and Mrs. J. A. Ormsby visited Mr. and Mrs. Bufford Cottrell and children in Abilene this week.

Mrs. Meyers Presents Pupils In Recital

Mrs. V. A. Meyers presented her piano pupils in recital Friday June 1 at 7:30 p.m. in the First Presbyterian Church.
Pupils participating were John Wayne Robertson, Sharon Hicks, Sam Huffman, Deborah Hicks, Melinda Wall, Kaye Carpenter, Sarah Fletcher, Elizabeth Lane, Bennie Simpson, Janda Bloyd, Larry Blackwood, Gail Carpenter, Gay Waggoner, Dianne Straley and Sallie Huffman.

Miss Janet Meyers played organ selections preceding the recital which included Intermezzo by Nevin, To a Water Lily and To a Wild Rose by MacDowell and Nocturne by Mendelssohn.

John Davis Rachels assisted with the programs.
Afterwards a reception was given in the Fellowship Hall. A Spring Color theme of yellow and white was used. Mrs. Keith Lane, Jr. presided at the punch bowl. Mrs. H. J. Rachels and Mrs. Eugene Rauhut assisted.

CARD OF THANKS

We wish to express our sincere appreciation to friends and neighbors for the visits and many cards and beautiful flowers that were sent to me while I was in the hospital; and for all the delicious food that has been brought since I have been home. We pray God's richest blessings upon each of you.—Mrs. Willie Tupin and family.

W. W. Lynch, of T.P.&I. Elected President of Edison Electric Institute

W. W. Lynch, president of Texas Power & Light Company, has been elected president of the Edison Electric Institute by its board of directors. Installation of the new president was made Wednesday at the closing session of the Institute's 30th Annual Convention in Atlantic City.
Vice president of the Institute since last June, Mr. Lynch succeeds Philip A. Fieger, chairman of the board and president of Duquesne Light Company, as head of the trade association of the nation's investor-owned electric utility companies.

After graduation from Texas A&M College in 1922, Mr. Lynch spent a year and a half with Westinghouse Electric Manufacturing Company, joining Texas Power & Light Company in 1923. He served successively as design assistant, field electrician and foreman, and superintendent of distributions before he was elected vice president of the company in 1936. He was named executive vice president in 1949. He is vice president, director, and a member of the executive committee of Texas Utilities Company.
At the installation Mr. Lynch said the United States leads the world in the scope and quality of its electric power supply. He said the U. S. has ample reserves which are as large as the combined systems of the five next largest nations of the world, and our capacity is three times larger than Russia. He added the industry has ample talent and financial strength to meet every growth problem of the future.

"On the other hand, we are faced with an array of developments that threaten our industry and American business in general. The same forces and ideologies, from which they spring, also support an amazing accumulation of inept theories that plague business, agriculture and trade, and if continued will sap the vitality of free enterprise itself, which is the true impetus to our growth and development as a nation," Lynch stated.

"We need to develop broad public understanding of the problems we face and of their implications to our citizenship, to American business and to labor. Freedom is never lost by a vote of the people on the subject itself; but when there seeps away the spirit that caused the guarantees of human liberty, to be written, the documented principles become meaningless," said Lynch.

He concluded there is a broad and vigorous upsurge of educational levels in the nation. Lynch said the president of one of our most respected institutions expects that within perhaps five years, the students entering his institution from high school will have educational training comparable to those graduating today. He explained, however, that unless these graduates finally understand the basic principles of our freedom, it will be in vain. Today, he reported, less than four per cent of high school and college graduates have had any schooling in economics. It is not surprising then, he said, that as a nation we are so gullible to impossible promises.

BILLY CRED CURRY UNDERGOES SURGERY

Billy Fred Curry, who was seriously injured in a tumbling accident at Texas A&M College, when a freshman some six years ago, underwent surgery this week at Providence Hospital, Waco.
His parents, Mr. and Mrs. Fred Curry, Comanche, report that this new skin grafting operation is an apparent success, but attending physicians say he will be hospitalized for several weeks.

Billy Fred, who has his degree from Texas A&M, is now a graduate student at A&M. He is married to the former Nancy Cloud, Comanche.

Funeral Rites Held For I. M. Edmondson

Iris Malcolm (Shorty) Edmondson Sr., 501 W. Walcott, Comanche, passed away at 3:15 a.m. Monday, June 11, in a local hospital, from injuries sustained in a motor vehicle mishap here on Thursday, June 7.
Funeral services for Mr. Edmondson, 60, were held at 2 p.m. Tuesday, June 12, at the Comanche Funeral Home with Rev. Henry Chambers, pastor of the local First Baptist Church, officiating.

Interment was in Oakwood Cemetery, Comanche.
Pallbearers were John Shook, W. S. Lawrence, Elton McCullough, Charles Johnson, Inzer Creek, Wayne Stewart, Paul Hamilton, Mike Sullivan, Porter McCarroll, Herbert Goodson, Ulric Gore, and Douglas Hilliard.
Mr. Edmondson, operator of a garage and wrecker service here for the past 40 years, was injured when an automobile driven by a Brownwood man collided with Mr. Edmondson's parked wrecker truck on U.S. Highway 67-377 at the intersection of State Highway 36 in west Comanche. Mr. Edmondson was operating the wrecker truck in moving the wreckage of an overturned cotton truck when the mishap occurred.

Mr. Edmondson, son of the late Charles Monte and Mary Ella Edmondson. He was born June 21, 1901 at Comyn, Comanche County. He had lived in Comanche County all his life and in the City of Comanche for the past 40 years. He was converted early in life and was a member of the First Baptist Church, Comanche.

Mr. Edmondson was married October 5, 1927 to Miss Jewel Sneed, and to this union two children were born, a daughter and a son.

He was preceded in death by his daughter, Peggy Joyce Edmondson; a sister, Mrs. Iva Cox, and his parents.
Mr. Edmondson is survived by his wife and son, Iris Malcolm Edmondson Jr., Comanche; two brothers, Fred Edmondson of Comanche and Bartlett Edmondson of Abilene; and three sisters, Mrs. Russell (Vera Mae) Howell of De Leon, and Miss Oree Edmondson and Mrs. Odessa Childs, both of Comanche.

FAMILY NIGHT AT PROCTOR COMMUNITY CLUB SATURDAY

An old fashion family night will be held Saturday night June 16 at the Proctor Community Club. Bill Evans, Club President, says everyone come, bring the whole family — some home-made ice cream, your table and dominoes. Entertainment will be provided for the children. Come on out at 8 o'clock and prepare to have a good time, says Bill Evans.

Visit TCU Campus

Nancy Caraway and Sharon Durham, accompanied by their parents, Mr. and Mrs. D. F. Caraway and Mr. and Mrs. W. M. Durham, Jr., attended the TCU freshman orientation clinic Monday and Tuesday. Both Nancy and Sharon are 1962 graduates of Comanche High School, and plan to enroll in TCU next fall.

Visiting in Temple
Mrs. Bill Wilkerson and children are visiting her parents, Mr. and Mrs. M. V. Blanton in Temple this week.

Here From SWSTC
Vic Richardson, who is attending summer school at Southwest Texas State College, San Marcos, was home visiting his family over the week-end.

Arthur Chevrolet - Olds Inc.
Comanche, Texas

By M. AURY, Jr. 1, Dublin

While Cuba's Communist leader, Fidel Castro, makes a big show of the trials of captured Bay of Pigs invasion prisoners in order to focus attention away from pressing food shortages at home, he smites his chest and boasts of his seizure of the U. S.-owned 100-million-dollar nickel plant at Niquero. The U. S. is said to have paid Cubans \$325,000 in bonuses and salaries on the same day that bearded Castro gobbled up the plant. Shades of Theodore Roosevelt, when will this nation demand payment of this boaster?

Modern science moves fast. A few years ago the Buck Rogers "ray gun" was a figment of the imagination. Today the Light Ray gun is here. This fantastic device, now no larger than a flashlight, concentrates light rays in a force destructive enough to shoot holes in solid steel sheets. The experts claim the guns will grow in size and within seven years, it will be easy to ray blast a "slow" missile moving at only 18,000 m.p.h. Soon then, atomic power will be as obsolete as the muzzle loading rifle from a military standpoint.

When is a mercy killing not a mercy killing? This question has been argued over since time immemorial. A few days ago in Liege, Belgium, a 35-year-old mother was charged, along with her husband, mother, sister and family doctor, with poisoning her 10-month-old daughter. The daughter was born armless and otherwise deformed. A moot question, one that will never be answered to the satisfaction of all mankind. The One who gave life knows the answer but does not reveal it.

Recently in England a man who claimed to be 107 years old died and soon after the death a birth certificate was found which revealed that he was only 89. An odd thing perhaps but many men already well past their allotted three score and ten years of life, seem to gloat over each additional year to the point of embellishing the facts somewhat. It might be odd also that women claim no "extra" years at any age and are usually prone to disclaim a few actually achieved.

The action of the U. S. Senate last week in voting to refuse aid to Communist countries was highly pleasing to a vast majority of American tax payers, not so well pleased when the decision was later softened to allow aid in the way of grain and food-stuff. Communist dominated Poland and Yugoslavia would be slow to seek closer ties with already hungry Russia should the U. S. discontinue, or slow down their flow of dollar aid.

Some political analysts appeared somewhat at a loss a few days ago in trying to understand the implications presented by the winning of all conservative aspirants to high state offices in the Texas Democratic primaries. Surely the experts can understand that, at least for the time being, the majority of Texans thrown upon too much free wheeling, dealing and spending and have simply said so by support-

SHERIFF'S NOTICE OF SALE

IN DELINQUENT TAX SUIT
SHERIFF'S SALE
THE STATE OF TEXAS
County of Comanche

In virtue of an Order of Sale issued pursuant to a judgment decreed by the District Court of Comanche County, Texas, by the Clerk of said Court on the 25th day of May A. D. 1962, in a certain suit No. 2498, wherein The State of Texas & County of Comanche, Plaintiff, vs. Robert E. Lee, Defendant, in favor of said plaintiff, for the sum of \$293.22 dollars for taxes, interest, penalty, and costs, with interest on said sum at the rate of six per cent. per annum from date filed by said judgment, together with all costs of suit, that being the amount of said judgment rendered in favor of said plaintiff, by the said 52nd District Court of Comanche County, on the 25th day of May A. D. 1962, and as directed and delivered as Sheriff of said Comanche County, I have seized, sold, and will, on the first Tuesday day of July A. D. 1962, the same being the 3rd day of said month, at the Court House door of said Comanche County, in the City of Comanche, between the hours of 2 o'clock P. M. and 4 o'clock P. M., on said day proceed to sell for cash to the highest bidder all the right, title and interest of said defendant in and to the following described real estate, to-wit: the same lying and being situated in the County of Comanche and State of Texas, to-wit:

TRACT: All of 76.39 acres of land out of the Lampasas County School Land, Abstract No. 1028, in and to the Wm. Lindley Survey, Abstract No. 1028, in and to the J. B. Hall Survey, Abstract No. 1569, in and to the E. W. Lee Survey, Abstract No. 2164, All tracts lying and being situated in Comanche County, Texas.

Upon the written request of said defendant or her attorney, a sufficient portion thereof to satisfy said judgment, interest, penalties and costs, subject, however, to the right of the plaintiff for any amount not so paid, to be included in the proceeds of said sale, may be made by any person having an interest in the said property, or any portion thereof, at any time within the period provided by law, and subject to any other and further rights the defendant may have, under the provisions of law, to be made by me to satisfy the above described judgment together with the proceeds of said sale to be included in the satisfaction thereof, and the proceeds of any sale to be applied as the law directs.

Witness my hand and the Seal of said County, Comanche, Texas, this 1st day of May 1962.

John Dean, Sheriff
Comanche County, Texas.

ing the more conservative candidates. Doubtless some able men were rejected by the voters due largely to their adherence to presently less popular liberal views.

And a Representative in the Congress of the United States a few days ago introduced a bill to ban shorts in the Capitol, but seems to be getting no co-operation from any source. The Congressman is quoted as saying: "The women look bad enough but the big fat men are downright disgusting in their short shorts and hairy legs sticking out all over the place." There is food for thought in the Congressman's action. Could be that this manner of adorning oneself does distract the lawmakers and adds nothing to the dignity of the adornment.

The rare whooping crane again appeared in print last week when it was announced that since a low point of only 14 was reached in 1938 there are now 45 of the great white birds, seven of them in zoos. The whoopers are now nesting in Canada's isolated 11-million-acre Wood Buffalo National Park near the Arctic Circle, the only known nesting ground in the world. Thoughtful hunters both in Canada and the U. S. are credited with the increase in this almost extinct species of bird life by simply refraining from harming them.

There was rather grim irony recently in Communist East Germany's asking free West Germany for a ten-year loan of \$687 million to be used in the purchase of badly needed coal, food and

machinery. This, while shooting down East Germans trying to escape to West Germany. Small wonder that Mr. Krushchev calls Berlin, "a bone in my throat."

The contrast is too great and too many people are realizing that they are not supermen, and through their blundering must call on free society to bail them out of trouble of their own making.

Humble Now Erecting ENCO Signs In Texas

Humble Oil & Refining Company begins a 60-day campaign to erect the Enco sign at all its stations in Texas.

This is another step in the nation-wide expansion program which began in 1959. Humble now markets in 46 states. Throughout the West, from

Texas to Oregon, from California to Indiana, Humble's sign will be the Enco oval. In the East, Humble stations will use the brand name, Esso.

The name Enco is derived from the slogan "America's Leading Energy Company." This slogan was adopted following the merger of five leading oil companies to form the nation's largest domestic oil company.

The new sign program involves more than 3,000 service stations and more than 4,000 signs. To complete the work will require the use of a fleet of over 100 trucks to distribute the signs and more than 75 work crews to put them in place.

It is expected that all stations in Texas will have their new Enco ovals in place in late July. "This move enables the motoring public to easily identify our station," said J. C. Wilbourn, Southwest Region Marketing Manager. "The familiar oval will be seen from coast to coast."

The work is proceeding on schedule and should be completed as planned.

ADULT 4-H LEADERS MEET

The Comanche County 4-H Adult Leaders Association met Monday night, May 28, at the County Courthouse.

Reports were given on the 4-H Adult Leaders Workshop held at Mt. Wesley near Kerrville, June 11-12-13, by those who attended. County Agent Angus Dickson, Jr. gave a report on the Agent's meeting he and Home Demonstration Agent Carolyn Owen attended there. J. A. Cox reported on Sheep and Goats, Mrs. Gayle McCullough on Citizenship, Mrs.

J. A. Cox on Organization, Mrs. D. F. Pair and Mrs. Bill Lane attended workshops in Recreation and Foods and Nutrition, but were not present to give their reports.

Activities of Rural Life Sunday were given from each club. Boys' names who plan to attend District 8 Boy's 4-H Camp at Lake Brownwood, were turned in.

Plans for the two Brazilian State 4-S Leaders who were in Comanche County May 30-31 and June 1 were discussed.

Agent Dickson told of the new 4-H Club project—Quail Management Demonstration. Clubs interested in this project must

check with the Agent within the next few days.

The Adult Leaders Association will furnish the prizes for the County Dress Revue being held June 15, at the Comanche High School Auditorium.

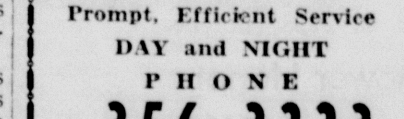

Announcements were made and the meeting adjourned.

WAKE UP RARIN' TO GO

Without Nagging Backache
Now! You can get the fast relief you need from nagging backache, headache and muscular aches and pains that often cause restless nights and miserable tired-out feelings. When these discomforts come on with over-exertion or stress and strain—you want relief—want it fast! Another disturbance may be mild bladder irritation following wrong food and drink—often setting up a restless uncomfortable feeling. Don't's Pills work fast in 3 separate ways: 1. by speedy pain-relieving action to ease torment of nagging backache, headache, muscular aches and pains. 2. by soothing effect on bladder irritation. 3. by mild diuretic action tending to increase output of the 15 miles of kidney tubes. Enjoy a good night's sleep and the same happy relief millions have for over 60 years. For convenience, ask for the large size, Get Don't's Pills today!

Highlights And Sidelights

By VERN SANFORD
Texas Press Association

AUSTIN — For the first time since 1872, Texas Republicans are presenting a strong threat to capture statewide and legislative offices from the Democrats.

Following his nomination for the Governorship on the Democratic ticket, John Connally took immediate steps to meet the challenge with a united front.

Connally invited all Democratic nominees for state and legislative office to a barbecue to be held on June 16 at his family ranch near Floresville. Purpose: to make some campaign medicine.

Saturday's outing will launch the campaign for the November 8 general election.

Jack Cox of Breckenridge, the Republican nominee for governor, is backed by a slate of 20 nominees for the 23 seats in Congress; 15 candidates for the 31 state senate seats, and 86 candidates for the 150 house seats.

Also there are candidates for county and precinct offices in many counties.

Lined up with Connally will be Waggoner Carr of Lubbock for attorney general, opposed by T. Evertson Kernerly of Houston; Preston Smith of Lubbock for lieutenant governor, opposed by O. W. (Bill) Hayes of Temple; Jerry Sadler of Palestine for land commissioner, opposed by Albert Fay of Houston; John C. White of Wichita Falls for agriculture commissioner, opposed by Harry Hubbard of Marfa; Ben Ramsey of San Augustine for railroad commissioner, opposed by Bernold M. Hanson of Midland; Jesse James of Austin for state treasurer, opposed by Allen Lacy of Abilene; and Robert S. Calvert of Sweetwater for comptroller, opposed by Mrs. Hargrove Smith of Houston. Republicans are not contesting judicial seats.

The Constitution Party also has fielded a slate of candidates for state office, all but one of them from Houston.

Speakership

One of the more important offices in state government is the speakership of the House. Unlike the Senate, however, the people have no voice in the selection.

The speaker is elected by the 150 members of the House. Rep. Byron Tunnill of Tyler laid out the names of 95 Democratic nominees who have pledged to support him, and called on his opponents for the speakership to withdraw.

Rep. C. W. Pearcey Jr. of Temple did. Another opponent, Rep. Ben Glusing of Kingsville, was defeated in the runoff primary, so he no longer is eligible. Rep. Alonzo Jamison of Denton remained in the race. He had claimed 61 pledges.

Faculty Firing

Dr. Rupert C. Koeninger's firing as professor of sociology at Sam Houston State College may cause Texas to be "blacklisted" by the American Association of University Professors.

No reasons were given when the board of regents for state teachers colleges fired Dr. Koeninger. Also no criticism of his teaching ability was brought out at the hearing.

The college professors association does not employ a strike or a picket line when it feels a professor has been done wrong. It merely "blacklists" the school by giving notice to other college teachers that it is not the best place to accept employment. Gradually, over the years, faculty members who feel Koeninger was done wrong will accept jobs at other schools which are not on the "blacklist."

In The Red Again

Heavy payments of state aid to the schools in May pulled the state's main checking account—the general revenue fund—into the red again.

When May started, the deficit was \$573,934,636. But heavy collections of corporation and insurance taxes wiped out the deficit, which has been present for nearly four years. This put the fund into the black by the middle of the month.

But when the school payments came due, it pulled the fund \$9,391,468 into the red at the end of May. Early June expenditures made the deficit \$28,015,980. It will go back into the black when sales tax payments reach the treasury in July.

Crooked Holes

State investigators from the Railroad Commission report that of the first eight oil wells in the East Texas Field tested, seven were "deviated" beyond the three per cent allowed by commission rules.

The work is slow, so it may be months, or even years, before the extent of the crooked-hole drilling program in that giant field is known.

Atty. Gen. Will Wilson has filed one civil lawsuit, contending that a group of operators drilled four wells on a slant so the bottoms of the holes were on someone else's property, and that they plugged two more wells with cement before they could be tested.

Civil suits are being filed by oil companies against owners of nearby leases, contending that crooked holes have drained away oil which belonged to them. So far, eight such suits have been filed.

If court-type evidence is found by the commission's engineers and Texas Rangers, evidence will be turned over to U. S. Dist. Atty. Wayne Justice for possible prosecutions under the federal law—

usually called the Connally hot oil act—which makes it a federal offense to move oil in interstate commerce after it has been produced in violation of state laws or regulations of the Railroad Commission.

Lawyers Elect

Buster Cole of Bonham was chosen as president-elect of the State Bar of Texas. This means he will take over as head of the group in July, 1963.

Lawyers elect a year ahead of time. This July, when the State Bar meets in Mexico City, Leon Jaworski of Houston will succeed William L. Kerr of Midland as bar president.

U.H. Degree Program

A curriculum and degree program for the University of Houston, which becomes a state-supported school next year, was approved by the Texas Commission on Higher Education.

It calls for doctor of philosophy degrees in psychology, business and industrial psychology, chemistry, physics and chemical engineering.

Dr. Philip Hoffman, University of Houston president, appeared pleased. He said the commission's adoption of a large portion of a "role and scope" plan was a "satisfactory recognition of the needs of Houston and the State."

Commission also agreed to consider at its July meeting the merger of the law and pharmacy schools at Texas Southern University with similar schools at the University of Houston. A Commission member said he didn't think the state could afford two schools of law and pharmacy so close together.

Governor's Appointments

Gov. Price Daniel announced these appointments:

Sol Parks and Mrs. Sally G. Pettus of Goliad as members of the Fannin State Park Commission. Parks succeeds Mrs. Louise Donaghy of Goliad for a term expiring September 5, 1967. Mrs. Pettus succeeds Walter Bluntzer of Goliad, resigned, for a term expiring September 5, 1963.

Jack Hightower of Vernon, O. L. Bell of Quanah, Ralph O. Harvey Jr. of Wichita Falls, Tom Craddock and Dr. E. N. Jones of Dallas as members of the Board of Regents of Midwestern University, for six-year terms. Hightower and Bell are new ap-

pointees. Harvey was reappointed. Craddock and Jones are filling vacancies. Jones, secretary of the Christian Education Commission of the Baptist General Convention of Texas, is a former president of Texas Tech College.

Russell D. Austin of Andrews as judge of the 109th Judicial District, which includes Winkler, Crane and Andrews counties. He succeeds the late G. C. Olsen. A graduate of the University of Texas Law School and former county attorney of Andrews County, Austin won the Democratic nomination for the district judgeship on June 2.

Rev. Edward H. (Whitey) Campbell of Denton as a member of the Governor's Committee on Children and Youth. Rev. Campbell is rector of St. David's Episcopal Church in Denton. He also served Houston, Rockdale and El Paso churches.

Shower Honors Suann Henson

Miss Suann Henson, bride-elect of Bill Roberts, was honored with a bridal shower Saturday, May 5 at the home of Mrs. Joe Evidge in the Newburg community.

Mrs. Evidge greeted the guests and presented them to the honoree; her mother, Mrs. Roy Henson; her fiancée's mother, Mrs. Willie Roberts; his sister, Mrs. Cliff Erwin; his grandmother, Mrs. August Marwitz; and the honoree's aunt, Mrs. Joe Middleton.

A single white rose in green colored water in a brandy snifter decorated the register table where Miss Gayle Roberts, sister of the prospective groom registered the guests.

The serving table was laid with a white linen cloth and centered with an arrangement of white stock and gladiolus with greenery in a crystal container. The co-hostesses served fruit punch and frosted cake squares.

The bride's chosen colors of white and green were used in decorating the room and tables where the gifts were displayed by Misses Sarah Lou McCullough and Pattie Joe Middleton.

Co-hostesses for the shower were Mrs. Randall Burton, Mrs. D. F. Caraway, Mrs. Don Gray, Mrs. Bruce Lane, Mrs. Earl Seay and Mrs. Bill Lane.

Ex-Comanche Wins Her Wings

A former Comanche girl and CHS graduate has recently won her "Wings" according to the following article from the Houston Post mailed to The Chief by Mrs. Charles Wetzel of Houston:

Two beautiful Houston girls have won their wings as stewardesses after completion of training at the American Airlines Stewardess College at Fort Worth.

Miss Margaret Stokes, daughter of Mrs. Mary E. Stokes, of 13114 Indianapolis, Houston, and Bernice Stokes, Comanche, has been assigned to flight duty out of New York City. She was graduated from Comanche, Texas, High School, and attended the University of Houston.

Miss Sarah Emily Crawford, daughter of Mrs. Frances Crawford, 5131 Irving Way, Houston, was a 1956 graduate of Stephen F. Austin High and is a former employee of Graybar Electric Co. She has been assigned to flight duty out of Dallas and Fort Worth.

HERE FORM FORT WORTH

Mr. and Mrs. Winston Woolsey and daughter Delisa of Fort Worth spent the week-end with Mrs. Woolsey's parents Mr. and Mrs. Willie Tupin and Rohnnie.

Bagworms Now Occurring In Trees Says County Agent

Bagworms are now occurring in rather large numbers on trees and other plants. This insect is a general feeder and can cause serious damage to certain trees, especially evergreens, points out County Agent Angus Dickson, Jr.

At this time, the worms are small and can be successfully controlled by proper spraying or dusting of the plants with insecticides. It is important to apply chemicals early enough to control the worms before they become too large and cause serious damage, adds Dickson.

He suggests a check of all plants around the home, especially evergreens for the spindle-shaped sacks which may be hanging from the twigs, leaves and branches.

The following insecticides are recommended for bagworm control: Malathion (50% emulsifiable concentrate 1 to 1½ ounces per 5 gallons water, or Toxaphene (60% emulsifiable concentrate, 2½ ounces to 5 gallons water), or lead arsenate (2½ to 3 ounces per 5 gallons water). Sprays are preferred over dusts and the label instructions should be followed for mixing and using insecticides, cautions Dickson.

Insecticides are poisons and should be handled with caution. Follow safety directions listed on the label and keep children and

NOTICE

Notification is hereby given that a public meeting will be held at 2:00 P.M. ON JUNE 20, 1962 in the COUNTY COURTHOUSE at COMANCHE, COMANCHE COUNTY, TEXAS for the purpose of discussing hunting, fishing and trapping regulations for Comanche County.

pets out of the treated area. After spraying, wash the grass to remove the chemical residue, advises Dickson.

NEW SHIPMENT—Staplers for every purpose. Top "name" brands at The Comanche Chief.

Mrs. Glen Hodges and son Barry of Granbury are visiting Mr. and Mrs. R. E. Parker and other relatives here this week.

IT'S 8 OUT OF 10 FOR PLYMOUTH!

In ten tough tests at Riverside, California, against comparably equipped Fords and Chevrolets, Plymouth won eight! Plymouth asked the Independent U. S. Testing Company to conduct these tests and keep them fair. They bought the cars, hired the drivers, and enforced the rules. The official results are below. You'll see that Plymouth not only beat the other two cars in acceleration, passing and stopping, but in economy, too. It's dramatic proof this is the Greatest Plymouth Ever Built!

TEST-DRIVE THIS PLYMOUTH YOURSELF AT:

DUDLEY BROS.
100 E. Central Comanche, Texas

There's been a lot of water under the bridge since TP&L began operations a half-century ago. Its life span has witnessed two World Wars, and a growth of Texas population from a little over 4 million to more than 9½ million.

Through this 50 years, Texas has seen a great development of industry, including major advances in oil and its by-products, glass, steel, aircraft, food products, aluminum, electronics and chemical manufacturing.

During this half-century, Texas Power & Light Company has been a partner in Texas' progress. It has developed a widespread system of electric generating stations, transmission lines and other facilities to serve the increasing needs of North, Central and East Texas. All the while it has been one of the principal tax-payers of the area and a major partner in community, agricultural and industrial development.

From a small beginning serving some 15,000 customers in 1912, TP&L has always kept ahead of electrical needs of the area it serves. Today, it serves more than 380,000 customers, has about 21,000 miles of electric lines and a power capability of more than one and a half million horsepower. Plans are also on the drawing board for future expansion.

All this half-century of serving and building has been accomplished through the use of private investments. Not a penny has been advanced by the government. In this period the Company's Federal Income Taxes amounted to more than 140 million dollars.

Texas Power & Light Company in this, its Golden Anniversary year, pledges a continuation of its role in helping to make Texas grow and prosper and to provide dependable, economical electric power to the people it serves.

MORE EDITORIALS (Continue From Page 2)

the old building on the west side of the square that is now being torn down to make room for the new Ben Franklin Store. That was in the days when Comanche had three or four annual "bails" that attracted dancers from all section of West Texas she points out.

Mrs. McCrary says that quite a few persons from other towns attended the dancing school, which was taught by a dance master from one of the Eastern states.

She says that the dancing school was opposed by some of the members of the Methodist and Baptist churches, but it was well attended by the Episcopalians and Presbyterians.

A lot of people fail to recognize an opportunity when it comes because it is disguised by a lot of hard work.

Here is a little poem, submitted by Clyde House some time ago that deserves repeating:

It takes so little
to make us sad
Just a slighting word,
or a doubting sneer
Just a scornful smile
on some lips held dear
And our footstep lags,
the goal seemed near
And we lose the doubt
and hope we had
So little it takes
to make us sad.

It takes so little
to make us glad
Just a cheering clasp
of a friendly hand
Just a word from one
who can understand
And we can finish the task
that we long had planned
And we lose the doubt
and the fear we had
So little it takes
to make us glad.

Some 70 fine looking boys and young men applied last week for the 40 jobs that are open this summer at the ASC Office for helping measure crop land. Most of these youths are either high school graduates or in college. It is a pity that 30 of them had to be left out. It is a wonderful thing for them to have employment during the summer vacation. We wish there were plenty of work for everyone of them.

More than fifty ex-students were in Gorman June 3 to attend the annual ex-students annual homecoming of the Hankins Normal College that flourished in that town from 1905-12. That was a lot of people to attend a reunion of a college that was disbanded 50 years ago.

These small private colleges that flourish all over Texas at that time must have done a lot good or the old grads would not be coming back after all these years to celebrate.

There were numerous such colleges in this section at that time, all of which long ago have gone out of business. Some of the better known institutions in this section besides Hankins Normal College, were Britton Academy at Cisco, Scranton Academy at Scranton in Eastland County, Randall Academy at Hico, McPherson Academy at Stephenville, Add-Ran College at Thorp Springs, Methodist College at

Granbury, Meridian (Methodist) College, and Cherokee College in San Saba County.

Max Harelik and Stanley Rauhut, recent graduates from Comanche High School, are attending the summer session of the University of Texas. Max made such a high grade in English on his entrance examination that he is being permitted to skip the first semester of English and is now taking the second semester class in English. This is an unusual accomplishment and the young man deserves to be commended, and perhaps his Comanche High School English teacher deserves to be commended, too.

Johnny Lightfoot was among the forty-six graduates from Dublin High School recently. Johnny, who had three of his four years in Comanche High School, was one of the Dublin honor graduates.

A card from Princeton, New Jersey, mailed by Dr. and Mrs. B. D. D. Greer, was received Saturday. Beneath the picture of one of the buildings of Princeton University, a note read "This is where Dr. Greer was graduated in 1912. We will be home Friday, June 15."

The picture on the card was that of Nassau Hall, but in 1756, twenty years before the U. S. Declaration of Independence from the English was declared.

Further explanation says, "Nassau Hall, Princeton University, served at different times as a barracks and a hospital for both the Continental and British troops. It was the scene of the last stand by the British in the Battle of Princeton. The first legislature of the State of New Jersey convened in it."

From June to November 1783, the Continental Congress was held there and it was there the Continental Congress thanked George Washington in person for his splendid conduct of the Revolutionary War, and on the same day news was received that a treaty of peace had been signed, ending the Revolutionary War.

The names of Princeton's war dead from the Revolutionary War down through World War II are inscribed on the marble walls of the atrium in the center of the building.

The partially ivy covered building of more than 200 years, looks to be well preserved.

The only decade in which the population of Comanche County increased since 1910 when the maximum population of 27,000 was reached, was that of the decade from 1930 to 1940 during which 10 years the county's population increased from 18,340 to 19,191, a gain of 761. This was the decade of the "Depression" when it was easier to make a living in the country than it was to get a job in the cities and towns.

The Democratic slogan during the Presidential campaign of 1940 was "Rally Round Roosevelt or Wilt With Wilkie."

Someone has said that the best years of a woman's life is the decade between her 29th and 30th birthday.

Plans are about complete for Comanche's 22nd Annual Ama-

teur Rodeo, which will be held here July 19-20-21, according to Ollie Gandy, president of the Comanche Roping Club. Gandy and members of the Roping Club vow this year's Comanche Rodeo will be bigger, better and wilder than ever.

In the meantime, local rodeo fans can whet their sporting appetites by attending other rodeos.

Scandalous John Seimon, Stamford, cowhand arena director of the Texas Cowboy Reunion for over 30 years, announces a special lot of bulls and wild stock for the July 2-3 & 4 Cowboy Reunion in Stamford.

"For several years," said Scandalous John, "we have leased wild stock from Adrian Parker of St. Joe, Texas—and this year he has promised us a very special remuda—with a lotta broncs that never been rode—and a lotta good cowhans can shore count on gittin' thrown."

The Cowboy Reunion is very careful to see that only actual cowboys off the range take part—and professional riders are barred. Thus the Cowboy Reunion in Stamford is the largest true cowboy show in the world and over 600 cowhans are expected to compete in Stamford July 2-3-4.

President Gene Swenson of the Texas Cowboy Reunion in Stamford, announced a special horse-shoeing contest for the Reunion. Swenson said "There are thousands of young folks and newcomers to Texas who have never seen a cowpony shod. Therefore we intend to have area blacksmiths who are interested, stage a contest as to who can quickest and best shoe a cowpony. This will be hard work just as it was in the century past."

Swenson further said "This year we hope to have the biggest and fastest show in the 33 year history of the Cowboy Reunion—mark July 2-3-4 on your calendar as the time to show your folks how real cowhans work."

STAG CREEK TO HOLD ICE CREAM AND SOCIAL SATURDAY NIGHT

Friends and neighbors will gather at the Stag Creek Community Center Saturday night, June 16, for an ice cream social, according to Mrs. Henry Drennan, social chairman.

"Bring your freezers ready to freeze," said Mrs. Drennan. She adds, "Those who do not have a freezer, please bring cake or cookies."

"Everyone is invited," concluded the Stag Creek Community Club social chairman.

THE NEW LIFE . . .

(THE LIFE THAT IS ETERNAL)

By REV. JESSE ALLON TITNER

"What mean ye that ye use this proverb concerning the land of Israel saying, The Fathers have eaten sour grapes, and the children's teeth are set on edge?"

"As I live, saith the Lord God, ye shall not have occasion any more to use this proverb in Israel." (Ezekiel 18:2-3.) KEY

TEXT: "There shall be no more thence an infant of days, nor an old man that hath not filled his days; for the child shall die a

hundred years old; but the sinner being a hundred years old shall be accursed." (Isaiah 65:20.)

"Verily verily I say unto thee, except a man be born again he cannot see the Kingdom of God." (St. John 3:3)

"Wherefore, as by one man sin entered into the world, and death by sin; and so death passed upon all men, for that all have sinned." (Rom. 5:12.)

If led by the Holy Spirit, God's child can read and peruse the precious Holy Scriptures with discernment, and an understanding heart and mind.

We learn that when sin captured Adam that death passed

upon all the world, because the entire human race was in Adam. The parent of the world of men had eaten the "Sour Grape," and the poison was so deadly that it condemned and slew Adam and all his children who were in him.

But this all occurred under God's "First" word of command. But God gave a "Second" word of command—God spoke again.

We learn that as sin did through the woman capture man and slew him, so Righteousness through the woman did reach man to redeem him. For as the woman was created of and came from Adam, through whom the world was lost, so, the second Adam, through whom the world was to be saved, was born of woman.

Under God's "First Word of Command" woman lost the conflict, and was overcome by the serpent. But under God's "Second Word of Command" woman turned upon the serpent, stamped him under her heel and conquered him.

And it was the conquering of the serpent, the redemption and regeneration of the soul of man through Christ, that was being revealed in Ezekiel's prophecy.

The prophecy teaches that the deadly poison of "The Sour Grape" (hereditary sin in Adam) should not be applicable to "Israel." The "true Israel of God" was to be a spirit regenerated, born again people. Forever saved from "hereditary sin in Adam" and its condemnation.

The Bible students and scholars of past and present ages who would rule Ezekiel out of the canon of scripture because they understood his prophecy to contradict the Divine Teaching of the advent of sin, and its universal dominion and condemning power over man, apparently did not note that Ezekiel's prophecy was, in a picture—St. John 3:1-16, 5:24-10:27-28 Rom. 5:12-21, 8:11. That the poison of "The Sour Grape" was disannulled only to Israel the true. The regenerated, born again children of God.

This is "The New Life" which only the saved in Christ can know.

So, the first word of command that God gave to the soul of man was "Thou Shalt Not." If you do you shall die. The Second Word of Command that God gave to the soul of man is "Come unto Me." If you do, you shall "live."

Attend Stock Car Races

Mr. and Mrs. Ted Durham and son, Rusty, attended the Sunburn stock car races at Green Valley, near Fort Worth, Sunday.

Farmers Union Ice Cream Supper

The Comanche County Farmers Union will have an ice cream supper at Lake Eanes Park, Comanche, Thursday night, June 21, at 8 o'clock, according to announcement by Arnold Butler, reporter.

All Farmers Union members and their friends are urged to attend the affair at Lake Eanes Park, said Butler.

Eight From Comanche Attend Band Camp At Tarleton State

Eight students from Comanche attended the summer band school at Tarleton State College, Stephenville, during the period of June 3-7. They received instruction in marching, band formations, and sight reading.

Students enrolled included Judy Jarratt, Grady Hall, Cathy Fanning, John Norris, Gail Gleaton, Beth Stewart, Karen Otwell, and Freddy Anderson.

Mr. and Mrs. Evert Steed Installed As Eastern Star Leaders

Mr. and Mrs. Evert Steed were installed as Worthy Matron and Worthy Patron of Comanche Chapter Order of Eastern Star Tuesday Evening in the Masonic Hall. Both have been active members for several years.

Other officers installed were: Associate Matron, Mabel Wilhelm; Associate Patron, Dr. Robert McCorkle; Secretary, Venita Robertson; Treasurer, Ella Sartor, Conductress, Bonnie Biggs; Associate Conductress, Peggy McCorkle; Chaplain, Vera King; Marshall, Ruby Evans; Organist, Thelma Dudley; Ada, Bernice Bradshaw; Ruth, Imogene Gleaton; Esther, Dividde Dabney; Martha, Alta Dixon; Electra, Iola Mills; Warder Louise Wilhelm; Sentinel, Pannie Hampton.

Installing officers were Venita Robertson, Margaret Pogue, Clara Hamilton, Ruth Page of Comanche, and Vina Mae Johnson of Sipe Springs.

Retiring Worthy Matron, Ruby Evans and Worthy Patron, Sam Evans were presented jewels. Gifts were presented to the installing officers and to Ethel Dickinson, Deputy Grand Matron, of Brownwood, who assisted in the installation.

The Worthy Matron's chosen colors of orchid and pink were featured in the decorations. Summer flowers were placed at vantage points in the hall and pink corsages were worn by the installing officers. Refreshments were served from a tea table laid with designed net over pink satin, centered with a fan-shaped arrangement of pink glads. Ella Sartor and Imogene Gleaton served white cake squares decorated with pink rose buds, and ladeled fruit punch from a milkglass bowl. The tea napkins and mints

Comanche Summer Homemaking Program Set For Busy Schedule

The Comanche Summer Homemaking program is well underway. A calendar of scheduled workshops and meetings was given to each girl enrolled in homemaking before school was out. The program is planned for both credit and non-credit work for students. Approximately forty students have registered for workshops and meetings.

Adults are invited to attend the furniture refinishing workshop and the metal craft workshop held in June and July. The Comanche County Young Homemakers will meet regularly throughout the summer months.

The calendar is as follows: June 11-15: Work in department; home visits; and an educational field trip to Brownwood.

June 18-21: Furniture refinishing (adults).

June 22: Educational field trip to Abilene.

June 25-29: Foods lab for community nursing homes. Work in department; home visits.

June 27: Educational field trip to Abilene.

July 2-3: Metal Crafts (adults).

July 5-6: Metal Craft (stud-

July 9-13: Play school.
July 16-20: Work on float for rodeo; work in department; home visits; degree workshop.
August 13-17: Clothing workshop; degree workshop.
Aug. 20-24: In department; home visits; degree workshop.
Aug. 27-31: In department; prepare for opening of school.

If you are interested in attending any workshops call Mrs. Newton or Mrs. Power at 356-3242.

More Morris

former Cub Scout Den Mother, and a member of the County and Comanche Classroom Teachers Associations.

The Morris' have three children: Arthur Lee 20, Danny 16, and Vicki 12. Arthur Lee was termed a "miracle boy" as he was born a blue baby—and has undergone heart surgery twice. He was the first person to undergo heart surgery in Dallas. He is a graduate of Comanche High School, and attended Howard

Payne College one year. Arthur Lee is now employed at the Comanche School Tax Office.

Danny is a high school junior. He was a Junior High School athletic star, and has been a class favorite each of his years in high school. He is a member of the Baptist Church. Danny is an active Boy Scout, and a member of the Order of Arrow. He attended the Order of Arrow Convention last summer at Indiana University.

Vicki has just completed her first year in Junior High School. She is a member of the Junior High School band. Vicki is a member of the Baptist Church, and active in Sunday School and G.A. work. She recently received a 3-year perfect attendance award in Sunday School. She also was a princess in the G.A.

CARD OF THANKS

To all of my friends who were so kind and thoughtful to visit me, to send me gifts, beautiful flowers and cards while I was in the hospital, I want to express my sincere thanks. Your thoughtfulness and kindness toward me and by family made my days in the hospital so much more pleasant. Clodah Patton

Boyd Howze Taken By Death

Boyd Young Howze, 68, farmer and dairyman, passed away Tuesday night, June 12, at his home, Rt. 1, Sidney, after an extended illness.

Funeral services for Mr. Howze will be held at 2 p.m. Saturday, June 16, at the Sidney Church of Christ.

Interment will be in Pendergrass Cemetery, Sidney, under the direction of the Comanche Funeral Home.

Pallbearers will be Carl Walker, Fant Walker, Ira Walker, T. L. Walker, H. C. Walker, and Jack Hendrix.

Mr. Howze, son of the late John Hamilton Howze and Ada

also featured the chosen colors. Out of town visitors were Mr. and Mrs. Wayne Johnson, Sipe Springs; Mr. and Mrs. Jack Witten, Gustine; Mr. and Mrs. John Krohn, Mrs. Gertrude Barnett, and Mrs. Lura Kelly, Brownwood.

Thispin Howze, was born October 26, 1893 in Comanche.

He was converted early in life and was a member of the Church of Christ at Brownfield. A Marine Corps veteran of World War I, Mr. Howze was also a member of the American Legion.

Prior to moving to Rt. 1, Sidney last January, Mr. Howze had made his home at Rt. 5, Brownfield for 18 years, at Crane for 10 years, and at Texon for 8 years.

Mr. Howze was married January 10, 1920, who survives and resides at their Sidney home. One daughter, Mrs. Frank A. Smith, Norfolk, Va., was born to the couple.

In addition to his wife and daughter, Mr. Howze is survived by 4 sisters, Mrs. Claude B. Smith of Hobbs, N. M., Mrs. Jack Louder of Port Arthur, Mrs. Stella Stillwell of Umatilla, Oregon, and Mrs. B. F. Evans of Odessa; 5 brothers, Tobe Howze of Brownfield, Duff and Roy Howze of Abilene, Frank Howze of Dallas, and Harmon Howze of Grand Prairie; and 2 grandchildren.

IN MEMORY OF MY BROTHER W. R. RANDALL (BUD)

How I miss him.
Sometimes it's hard to see God's will through our tears.
But we know He always knows best.
He saved his soul before calling him home June 3, 1960.
Brother was loved by all who knew him.
He was patient and kind throughout the long months of his suffering.
I know my loss is Heaven's gain.

OLLIE RANDALL, Stephenville, Texas (1tc)
